

LIBERTY For Kids!

CAMP

An

evening American
interactive camp for ages 8 – 12

History

Dates: July 22 – 26th, 2019

Come join us in our interactive travel through time, 1215 A.D., and the Magna Carta, to the Founding Fathers signing our United States Constitution.

Highlights to Experience (May be subject to change.)

- God's role in the creation of our beloved country.
- Visually travel thru time learning about the Story of the Magna Carta; King John Lackland (who was the brother of Richard, the Lionhearted), first translation of the Bible, first printing press and the stories that go with each of these. We then look at hardships the Pilgrims had to endure as we travel the road from Tyranny to Liberty.
- You will be making butter as the colonists had to do, grind corn to use for their bread and feed their animals, learning about the work the children had to do and play games the children played.
- In rebellion to the excessive taxes King George III levied on the colonists, you will dress as the patriots did in Indian costumes, go to the ship and toss ALL the tea into the sea.
- You will feel what Gen. Washington's men felt as they crossed the Delaware River and marched to Trenton in their bare feet because our young country had no money to buy them shoes.
- You will sign your very own Declaration of Independence.
- During opening ceremonies each day, you will learn about our flag and the history of *The Star Spangled Banner*.
- We will be visited throughout the week by various people from our history. On the last day we are planning a family event with a picnic and special activities.
